SIUE

SIUE is affordable

Financial Aid is available

SIUE students received over $18 million in financial aid in 1985-86. This aid came in many forms -- grants, scholarships, loans and on-campus employment. Grants and scholarships do not have to be paid back, while low-interest loans can be deferred until after graduation. The staff of the Student Work and Financial Assistance Office will develop aid packages to meet students' individual needs, and help them find jobs either on or off campus. Work-study programs are also available.

Students with excellent academic standing are encouraged to learn more about the Provost and Presidential Scholars programs. These programs offer recognition and special benefits, including full scholarship awards, for select students.
